Mediator's Comments:

I have been a full time mediator for the past fifteen years. As a Chartered Mediator (AMIC), I have assisted in the settlement of thousands of cases using a proactive approach. I have primarily mediated insurance related matters such as personal injury, errors and omissions, occupier's liability, general liability, wrongful dismissal, dental and medical malpractice, partner dissolutions as well as multi-party construction cases. I was a consultant to BCICAC from 1993 to 1996 as well as being a member of their mediation panel. My personal mediation practice is Joncas Mediation Services. I am fluent in both French and English.
